Fiber Reinforced Nylon Cable Glands

This non-metallic solution for non-armored cables is designed for applications in electrical equipment and potentially explosive atmospheres.

Available For Low Voltage Applications (BXI)

- **Material:** Black Fiber Reinforced Nylon
- **Protection Rating:** IP68 (10 bar)
- **High Impact Resistance:** 7 Joule
- **Low Smoke:** Halogen-free (VO)
- **Temperature Range:** -4°F to 185°F (-20°C to 85°C)
- **Zones:** 1, 2, 20, 21, 22
- **Sizes:** M12 - M63, NPT 3/8” - NPT 1 1/2”
- **Approvals:** cUS, ATEX, IECEx

**ATEX Certificate:** BVS 14 ATEX E 025 X

**IECEx Certificate of Conformity:** IECEx BVS 14.0020X

---

**Meets Latest Standards**

- EN 60079-0: 2012
- EN 60079-31: 2014
- IEC 60079-7: 2015

**Markings**

- II 2G Ex eb IIC Gb
- II 1D Ex ta IIC Da

**Approvals**

- cUS Class 1 & Zone 2
- cUS Class 2 & Zone 1
